GOALS WE PURSUE

- Promote common interests of the Polish employers through engagement in social dialogue and working closely with every level of government, the EU, as well as local authorities, chambers of commerce and other influential organizations
- Strive to eliminate business barriers and facilitate business growth by providing high quality consultancy and development in areas of organizational change, leadership, compliance with employment law, governance and local democracy
- Support and develop industrial relations, and ensure a strong employers' position
- Defend entrepreneurs against bureaucracy, institutional abuse, and unjustified allegations

WHAT WE HAVE ACHIEVED

- We have run over 300 training sessions and seminars and we have trained over 5000 people free of charge.
- We have trained 65 professional negotiators and 40 professional leaders.
- We organized over a hundred seminars, workshops and conferences
- We have been monitoring Polish and EU legislation and we have stopped multiple unfavourable legal acts which saved our members millions of dollars.
- We have submitted 524 positions on Polish and EU legal acts.
- We have secured the lowering of the corporate and personal income tax rates for entrepreneurs in Poland.
- We have been actively involved in disseminating best management practices among local businesses.
- We led a successive campaign against increasing excessive burdens for employers.
