

INTERNATIONAL RAW MATERIALS CAREER FAIR IN KRAKOW, POLAND – 23 MAY 2017

Dear EIT RawMaterials Partner,

EIT RawMaterials, together with the AGH University of Science & Technology in Krakow, and their affiliate IATI (the Institute - Freeway of Technology and Innovation) would jointly like to invite you to attend the International Raw Materials Career Fair in Krakow, Poland on May 23, 2017, as an exhibitor.

By participating in this regional-scale event, you will be able to make contacts with potential future employees from several countries in Central, Northern, and Eastern Europe. Participation is free of charge for EIT RawMaterials partners, and offers an excellent access opportunity to graduates from over 15 world-class technical universities with strengths in the raw materials sector. In addition to Krakow's AGH University of Science and Technology, graduates and graduate students from the following universities will attend the event: the Jagellonian University in Krakow, Wroclaw University of Science and Technology, Silesian University of Technology in Gliwice, Lodz University of Technology, Warsaw University, Technische Universität Bergakademie Freiberg, Montanuniversität Leoben, Technische Universität Graz, Technische Universität Wien, Slovak University of Technology in Bratislava, Technical University of Kosice, University of Miskolc, National Mining University in Dnipropetrovsk, Charles University in Prague, and University of Zagreb. In total, it is estimated that over 3,000 graduate students, alumni, and non-academic professionals will attend this event.

The exhibitors are the leading companies of the raw materials sector, from Austria, Finland, Germany, Sweden and Poland, spanning the entire breadth of geological services and mineral exploration, mining & mining equipment, processing, metallurgy, recycling and substitution, i.e., the full value chain of raw materials. Between 30-50 companies are expected to attend.

We offer you the free use of a 3-4 m² company booth, with printed company logos; the opportunity to make a company presentation in the general auditorium and to listen to several high-key presentations by some of our partners (details to be announced); the opportunity to meet individually your prospective future employees in rooms set aside; extensive advertising on the event's website, the university's website, as well as regional and local advertising through our network of university partners and through all channels of EIT RawMaterials.

The registration deadline for this event is March 10, with email confirmations to be sent to Dr. Mike Mlynarczyk: michal.mlynarczyk@eitrawmaterials.eu.

With best regards

Krzysztof Kubacki
