Register now for the CircLean Open Innovation Workshop - Implementing and monitoring circular economy business models

The workshop is to be held on 28 April 2022 at the Waste Thermal Treatment Plant, Ekospalarnia Krakow and will run from 9:00 to 15:00. It will include a tour around the Ekospalarnia waste thermal treatment plant and a presentation about the facilities.

This meeting will provide you with the opportunity to share experiences and knowledge regarding industrial symbiosis (IS) transactions to ensure that the work of the CircLean network remains relevant to its members. The workshops also provide an opportunity to share views and suggestions for the European Commission to increase the uptake of IS in the EU.

Speakers include:

- **Anestis Filopoulos**, Policy Officer –Sustainable Industrial Policy, Circular economy and Construction Unit, Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs, DG GROW, European Commission
- **Jakub Bator**, Member of Management Board of KHK SA
- **Tomasz Rychly**, Senior Auditor Quality Austria
- **Dr. Agnieszka Szynek**, Innowo – Polish Circular Hotspot
- **President Leszek Rozdzinski**, Krakow Chamber of Commerce and Industry
- **Joanna Kulczycka**, Professor at the AGH University of Science and Technology and Head of the Department of Strategic Research at MEERI Polish Academy of Sciences
- **Prof. Andrzej Marcinkowski**, Łódź Technical University (Eco-park)
- **Aneta Widak Małopolska**, Marshal Office – project Symbi Interreg
- **Prof. Marcin Furtak** – Eco-design in Architecture Cracow Technical University
- **Prof. Agnieszka Generowicz** - Cracow Technical University, Waste management

The full programme for the day will be shared in the coming weeks. This event is supported by the IATI and AGH Faculty of Management.

Lunch and refreshments will be provided, but travel will be at your own cost.
